CHAPTER 1.00 - DISTRICT PHILOSOPHY

DISTRICT'S PHILOSOPHY

1.010

WE, THE MEMBERS OF THE SCHOOL BOARD, BELIEVE:

That, each person is of individual worth and that education is the development of that worth to its fullest potential, within the innate ability of that individual.

That, the school exists as an educational institution and is responsible for the welfare of its student population. The purpose which justifies the school's existence is the guiding of the learning experiences of the school's population to the maximum capacity and potential of each student. Education is a right and a privilege, and with the right and privilege come responsibilities which the student should be willing to assume. Opportunities should be provided for each student to develop mentally, morally, socially and physically. Each individual should be provided with the tools to be a functional member of a democratic society and stimulated to perform at his/her maximum. The school should be continuously evaluated as to its ability to identify and to meet the needs of its students. Student evaluation should be on the student's performance in accordance with his/her capabilities and limitations. The goal should be the shaping of desirable character through education so that the individual is producing to this maximum.

That, the school policies should be developed jointly by the educational leaders, teachers, students, community representatives and non-instructional staff. Students should be encouraged to participate in activities which will contribute toward development of desirable social characteristics, responsible leadership, and practices of democratic principles.

That, the secondary level of curriculum should be flexible. It should provide a program that meets the needs of students whose formal education is terminal at the high school level, those desiring employment immediately after graduation, and also provide for those who plan to enter institutions of higher learning. The curriculum and teaching methods should constantly be evaluated in the light of our ever-changing society and in recognition of the underprivileged.

That, the educational leaders, teachers, non-instructional staff and students should strive to create an environment conducive to learning. The teacher should adapt methods and procedures according to principles and laws that are psychologically sound, continually studying the science of his/her art, and the material of his/her field.

That, the teacher should meet new situations and adapt his/her methods and materials to them.

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

SCHOOL BOARD RULES

2.060*

As used in these rules, the term “rule” and “policy” shall have the same definition.

These rules may be amended, repealed, or a new rule adopted as hereinafter prescribed. The term “rule” is defined in Florida Statutes; it does not include “curricula by an educational unit”, thereby, removing the development or prescription of curriculum by a School Board from the procedural requirements established for rule making.

- 1) Unless an emergency exists, any proposal relating to a rule amendment, the repeal of any rule, or the adoption of a new rule shall be presented in writing to the School Board including a written explanation of the proposal.
 - a) The Superintendent shall give immediate and proper written notice to the public pursuant to the provisions of Florida Statutes, when the School Board has determined that it will give due consideration to the proposal for adoption, amendment, or repeal of a rule. The notice of a public hearing shall be advertised twenty-eight (28) days prior to the date of the hearing. The notice shall include a brief and concise explanation of the proposed rule’s purpose and effect, the estimate of economic impact to all individuals affected by the proposed rule or rule amendment, the specific legal authority for the School Board’s action, and the location where the text of the proposed change may be obtained.
 - b) Any person who is substantially affected by a proposed rule, rule amendment, or the repeal of a rule, may within twenty-one (21) days following notice of intent to adopt or repeal such rule, file a written request with the School Board seeking an administrative determination as to the validity of the proposed rule action.
 - c) The Superintendent shall file immediately in his/her office a copy of any new rule, rule amendment, or repeal of rule adopted by the School Board; policy handbooks shall be amended accordingly.
 - d) Such rules shall become effective upon adoption by the School Board unless a time certain date is specified therein.
- 2) Any person substantially affected by an existing School Board rule may petition the Division of Administrative Hearings, Florida Department of Administration, to conduct a hearing on the rule validity pursuant to Florida Statutes. Any hearing examiner’s decision, which is adverse to the School Board, may, upon the School Board’s appeal, be judicially reviewed. Any hearing examiner’s decision, which is adverse to the person substantially affected may, upon that person’s appeal, be judicially reviewed.
- 3) The School Board may determine that the public health, safety, or welfare is endangered and that immediate action is required to protect the public interest. When this occurs, the School Board, at any meeting in which a quorum is present, may adopt emergency rules, without complying with the waiting period as provided in

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

subsection (1) herein for public hearings and other similar requirements. The Superintendent shall properly record the effective date for any such emergency rule. Any emergency rule shall not be valid in excess of ninety (90) days from the adoption or effective date.

- 4) Any School Board employee, citizen, or agency may obtain information relating to the method for proposing a rule or may submit a rule proposal to the Superintendent's office.
- 5) A copy of the compiled rules shall be available for inspection in the Superintendent's office, the principal's office, and in the library of any school.
- 6) Copies of the School Board rules shall be assigned to various positions within the District as determined by the Superintendent.
 - a) A copy of any rule change shall be made available by the Superintendent to each holder of the compilation who shall be responsible for entering all changes immediately upon receipt.
 - b) A copy of the School Board rules manual shall be available to all staff members either in the principal's office or school library. The school principal shall keep the compilation current.
 - c) The principal shall inform his/her staff members of the location of the School Board rules and any changes.
- 7) A School Board rule may be waived only to provide and implement overall goals and objectives of the School Board and to protect and preserve the health, safety, and welfare of the affected individual(s). Waiver of a School Board rule shall be addressed and a decision rendered regarding its waiver at a regular, special or emergency School Board meeting. A waiver of a School Board rule shall not render the policy void with respect to the continued implementation of the rule which is sought to be waived.
- 8) Any citizen may appeal to the Board for a variation or waiver with regard to any policy. The appeal process shall be that a written request shall be made to the Superintendent, who shall review the matter and present recommendations to resolve the problem at the next regular School Board meeting to which the item may be added as a part of the agenda. In cases where an appeal process has been developed for a specific policy, the appeal shall be made in accordance with that procedure.

I. Policy Against Discrimination

- A. The School Board of Baker County, Florida prohibits all forms of unlawful discrimination against students, employees and other persons in all aspects of the District's programs, activities and operations. Various state and federal laws establish the actions that do (and do not) constitute unlawful discrimination with respect to each protected status or classification. Where applicable, unlawful harassment that is based on a legally-protected status is one form of unlawful discrimination. The School Board of Baker County, Florida also prohibits sexual harassment, and this form of discrimination is governed by Policy 2.161 Title IX Policy Prohibiting Sexual Harassment and Sexual Discrimination.
- B. The School Board shall comply with all state and federal laws, which prohibit discrimination and are designed to protect the civil rights of applicants, employees, and/or students, or other persons or organizations protected by applicable law.

The School Board forbids any form of illegal harassment, of any employee, student, volunteer or visitor. The Board will not tolerate any form of illegal harassment by any of its employees, students, volunteers, or agents.

- (f) The District may dismiss a Formal Complaint if:
 - (i) The Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegation therein;
 - (ii) The Respondent is no longer enrolled in or employed by the District;
 - (iii) Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.
- (g) If a Formal Complaint is dismissed, the Title IX Coordinator must promptly send written notice of the dismissal and the reasons therefore simultaneously to the Complainant and Respondent.
- (h) The Title IX Coordinator may consolidate Formal Complaints as to allegations of Sexual Harassment or Sexual Discrimination against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Sexual Harassment or Sexual Discrimination arise out of the same facts or circumstances.

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

- (i) A Complainant may appeal a dismissal by following the procedures outlined in this Policy.
- (5) Informal Resolution Process
 - (a) Under no circumstances shall a Complainant be required as a condition of enrolling or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, to waive any right to an investigation and adjudication of a Formal Complaint of Sexual Harassment or Sexual Discrimination. Similarly, no party shall be required to participate in an informal resolution process.
 - (b) The Title IX Coordinator may offer the Complainant and Respondent the opportunity to participate in an informal resolution process.
 - (c) The informal resolution process may be used at any time prior to the Decision-Maker reaching a determination regarding responsibility.
 - (d) If the Title IX Coordinator proposes an informal resolution process, the Title IX Coordinator shall provide to the parties a written notice disclosing:
 - (i) The allegations;
 - (ii) The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations; and
 - (iii) Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
 - (e) The Title IX Coordinator shall obtain from the Complainant and Respondent their voluntary, written consent to the informal resolution process before commencing the informal resolution process.
 - (f) The informal resolution process is not available to resolve allegations that a District employee sexually harassed a student.
- (6) Investigation of a Formal Complaint of Sexual Harassment or Sexual Discrimination
 - (a) In conducting the investigation of a Formal Complaint and through the grievance process, the burden of proof and the burden of

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

gathering evidence sufficient to reach a determination regarding responsibility is on the District, not the parties.

- (b) All Investigators will be trained to conduct Sexual Harassment and Sexual Discrimination investigations.
- (c) As part of the investigation, the Complainant and Respondent have the right to:
 - (i) Present witnesses and other inculpatory and exculpatory evidence; and
 - (ii) Be accompanied to any meeting or interview by the advisor of their choice, who may be, but is not required to be, an attorney.
- (d) The District will provide any party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings with sufficient time for the party to prepare to participate.
- (e) Both the Complainant and Respondent will have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.
- (f) After the investigation but prior to completion of the investigative report, the Investigator will send a summary of the evidence to the Complainant and Respondent for inspection in an electronic format or hard copy. The parties will have ten (10) business days to submit a written response, which the Investigator will consider prior to completion of the investigative report.
- (g) At the conclusion of the investigation, the Investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party's advisor, if any, for their review and written response. The Investigator will send the investigative report in an electronic format or a hard copy at least ten (10) business days prior to the Decision-Maker issuing a determination regarding responsibility.

(7) Determination of Responsibility

- (a) The Title IX Coordinator shall appoint a Decision-Maker to issue a determination of responsibility. The Decision-Maker cannot be the same person as the Title IX Coordinator or the Investigator.

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

- (b) In making the determination of responsibility, the Decision-Maker is directed to use the “preponderance of the evidence” standard. The Decision-Maker is charged with considering the totality of all available evidence, from all relevant sources.
- (c) After the Investigator sends the investigative report to the Complainant, Respondent, and Decision-Maker, and before the Decision-Maker reaches a determination regarding responsibility, the Decision-Maker will afford each party three (3) business days to submit written, relevant questions that a party wants asked of any party or witness. Each party or witness will then have five (5) business days to respond to such questions. The Decision-Maker will then provide each party with the answers and allow two (2) business days for additional, limited follow-up questions from each party. Each party or witness will then have two (2) business days to respond to such questions. The Decision-Maker must explain to the party proposing the questions any decision to exclude a question as not relevant. All correspondence may be in electronic format or hard copy.
- (d) Questions and evidence about the Complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant’s prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove consent.
- (e) The Decision-Maker will issue a written determination regarding responsibility. The written determination will include the following content:
 - (i) Identification of the allegations potentially constituting Sexual Harassment or Sexual Discrimination pursuant to this Policy;
 - (ii) A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - (iii) Findings of fact supporting the determination;
 - (iv) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility,

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

and disciplinary sanctions the Decision-Maker is recommending that the District impose on the Respondent, and whether remedies designed to restore or preserve equal access to the District's education program or activity should be provided by the District to the Complainant; and

- (v) The procedures and permissible bases for the Complainant and Respondent to appeal.
- (f) The Decision-Maker will provide the written determination to the Title IX Coordinator who will provide the written determination to the parties simultaneously.
- (g) In imposing a disciplinary sanction or consequence, the District will consider the severity of the incident, previous disciplinary violations, if any, and any mitigating circumstances.
- (h) The Title IX Coordinator is responsible for effective implementation of any remedies.
- (i) The written determination may be appealed by either party in accordance with the process outlined in Section G below.

(G) APPEALS

- (1) Both parties have the right to file an appeal from a determination regarding responsibility, or from the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, on the following bases:
 - (a) Procedural irregularity that affected the outcome of the matter;
 - (b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
 - (c) The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome of the matter.
- (2) Any party wishing to appeal the Decision-Maker's determination of responsibility, or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within five (5) business days after receipt of the Decision-Maker's determination of responsibility or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein.

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

- (3) Nothing herein prevents the District from imposing any remedy, including disciplinary sanction, while the appeal is pending.
- (4) As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.
- (5) The Decision-Maker for the appeal shall not be the same person as the Decision-Maker that reached the determination regarding responsibility or dismissal, the Investigator, or the Title IX Coordinator. The Decision-Maker for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and shall receive the same training as required of other Decision-Makers.
- (6) Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.
- (7) The Decision-Maker for the appeal shall determine when each party's written statement is due.
- (8) The Decision-Maker for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original Decision-Maker's determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error or a compelling rationale for overturning or modifying the original determination. The written decision will be provided simultaneously to both parties.
- (9) The determination of responsibility associated with a Formal Complaint, including any recommendations for remedies and disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is filed, at the point when the Decision-Maker for the appeal's decision is delivered to the Complainant and the Respondent.

(H) RECORDKEEPING

- (1) The District will maintain for a period of seven (7) years records related to a report or Formal Complaint of Sexual Harassment or Sexual Discrimination.
- (2) Records maintained for a period of seven (7) years include:

 - (c) How to conduct an investigation and implement the grievance process, appeals, and informal resolution processes, as applicable; and
 - (d) How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interests, and bias.
- (2) The District will make its training material publicly available.

(J) RETALIATION

- (1) Retaliation Prohibited
 - (a) No person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this Policy, or because the individual made a report of complaint, testified, assisted, or participated or refused to participate in any manner in an investigation or proceeding under this Policy.
 - (b) Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of Sexual Harassment or Sexual Discrimination, for the purpose of interfering with any right or privilege

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

secured by Title IX, its implementing regulations, or this Policy, constitutes retaliation.

- (c) Retaliation against a person for making a report of Sexual Harassment or Sexual Discrimination, filing a Formal Complaint, or participating in an investigation, is a serious violation of this Policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.
- (d) Disciplining an individual for knowingly making false statements or knowingly submitting false information during the grievance process, including intentionally making a false report of Sexual Harassment or Sexual Discrimination or submitting a false Formal Complaint shall not constitute retaliation, provided, however, that a determination regarding responsibility for the alleged Sexual Harassment or Sexual Discrimination alone, is not sufficient to conclude that any individual made a false statement in bad faith.

REPORTING CHILD ABUSE

2.170

1. Definitions of Child Abuse, Abandonment or Neglect

- (A) "Abuse" means any willful or threatened act that results in any physical, mental or sexual injury or harm that causes, or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Abuse of a child includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.
- (B) "Abandonment" means a situation in which the parent or legal custodian of a child, or in absence of the parent or legal custodian, the caregiver responsible for the child's welfare, while being able, makes no provision for the child's support and makes no effort to communicate with the child, which situation is sufficient to evince a willful rejection of parental obligations.
- (C) "Neglect" occurs when a child is deprived of or is allowed to be deprived of, necessary food, clothing, shelter or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired. The foregoing circumstances shall not be considered neglect if caused primarily by financial inability, unless actual services for relief have been offered and rejected. A parent or legal custodian legitimately practicing religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child shall not, for that reason alone, be considered a negligent parent or legal custodian.

2. Prohibition Against Child Abuse, Abandonment or Neglect

The School Board strongly prohibits any action or omission constituting child abuse, neglect, or abandonment by any of its employees, agents, volunteers, or by other persons affiliated in any way with the School district. Further, all employees, agents, and volunteers of the School District must comply with Florida law requiring reporting of child abuse, neglect, or abandonment.

3. Notification of Responsibility

A notice providing the following information shall be posted in a prominent place in each school:

- A. All employees of the District have the responsibility to report all actual and suspected cases of child abuse, abandonment or neglect; immunity from liability if they report such cases in good faith; and the responsibility to comply with child protective investigations and all other provisions of law related to

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

child abuse, abandonment or neglect.

B. Statewide toll-free telephone number for the central abuse hotline.

4. Requirements for Reporting Child Abuse, Abandonment or Neglect

(A) Florida Statute requires that any person, including, but not limited to, any:

- (1) Physician, osteopathic physician, medical examiner, chiropractic physician, nurse, or hospital personnel engaged in the admission, examination, care or treatment of persons;
- (2) Health or mental health professional other than one listed in (a):
- (3) Practitioner who relies solely on spiritual means for healing;
- (4) School teacher or other school official or personnel;
- (5) Social worker, day care center worker, or other professional child care, foster care, residential, or institutional worker; or
- (6) Law enforcement officer or judge who knows, or has reasonable cause to suspect, that a child is abused, abandoned, or neglected by a parent, legal custodian, caregiver, or other person responsible for the child's welfare, shall report such knowledge or suspicion to the Department of Children and Family Services.

(B) Each report of known or suspected child abuse, abandonment, or neglect shall be made immediately to the Department of Children and Family Service's abuse hotline, on the single statewide toll-free telephone number. The teacher or staff member may also contact the principal, a school designee, district office or support person to let them know the case has been reported, and for their own documentation and protection file a District County Schools Child Abuse Incident Referral Report.

(C) Reporters in the categories specified in (1) above, will be required to provide their names to hotline staff. The extent of confidentiality of the reporter's name, with respect to the Department's records, is governed by Florida Statute.

(D) In accordance with state law, the Department of Children and Family Services, in conjunction with applicable law enforcement agencies, are responsible for investigating allegations of child abuse, abandonment, or neglect.

(E) Complaint Against School District Employee, Volunteer or Agent: If a complaint is made against a School District employee, volunteer, agent or other person affiliated with the School District which, if true, would constitute child abuse, neglect or abandonment by that person, that complaint shall be immediately

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

forwarded to the Superintendent. The Superintendent shall forward the complaint to the Department of Children and Family Services for investigation as provided by statute. The person accused of child abuse, abandonment or neglect shall be suspended from duties involving interaction with children pending investigation of the allegations. If the allegations are substantiated by the Department of Children and Family Services, the Superintendent shall take appropriate disciplinary action. School District staff shall in good faith cooperate with, and participate only as directed by, the Department of Children and Family Services and law enforcement during the investigation, and with respect to any subsequent criminal proceedings.

- (F) When a report of child abuse, neglect or abandonment has been made to the Department of Children and Family Services or law enforcement agencies, a teacher, staff member, volunteer or agent should not take it upon himself/herself to interview the child, talk with the suspected abuser, discuss the allegations with other potential witnesses or otherwise investigate the case. Nor should a teacher, staff member, volunteer or agent divulge information relating to the complaint to persons other than school officials, the Child Protection Team, the Department of Children and Family Services, law enforcement, the State Attorney or other court designee. If a parent, caregiver, or legal guardian desires information related to a complaint of child abuse, that person should be directed to contact the Department of Children and Family Services and/or the applicable local law enforcement agency.
- (G) Florida Statute provides that a person required by state law to report child abuse, abandonment, or neglect, but who willingly and knowingly fails to do so, or prevents another from doing so, is guilty of a first degree misdemeanor. Likewise, knowingly and willingly filing a false report of child abuse, neglect, or abandonment or advising another to do so constitutes a third degree misdemeanor.
- (H) Child Abuse Prevention Training for School District employees, staff, volunteers shall be provided in compliance with, and as specified in Florida Statute.

WELLNESS PROGRAM

2.20*+

On June 30, 2004, Congress passed Section 204 of Public Law 108-265, of the Child Nutrition and WIC reauthorization Act of 2004. This law requires each local education agency participating in a program, authorized by the Richard B. Russell National School Lunch Act (42 USC 1751 et.seq.) or the Child Nutrition Act of 1966 (42 USC 1771 et.seq.), to establish a local school wellness policy by July 1, 2006. In 2010, additional requirements were set forth under Section 204 of the Healthy, Hunger-Free Kids Act. This policy incorporates federal law as well as Chapter 5P-1.003(2)(d) of Florida Administrative Code (FAC).

I. Philosophy

The Baker County School District believes that a healthy school environment goes beyond the meals in the cafeteria. Maintaining a healthy lifestyle and weight require a combination of healthy food choices and an appropriate amount of physical activity. A healthy and physically active child is more likely to be academically successful. Children and youth who begin each day as healthy individuals can learn more and learn better and are more likely to complete their formal education. The District also believes that healthy staff can more effectively perform their assigned duties and model appropriate wellness behaviors for students. This policy encourages a holistic approach to staff and student wellness that is sensitive to individual and community needs.

A. Baker County School District will assemble a representative wellness committee that will meet biannually to evaluate and set goals for the development, implementation and periodic review and update of its local school wellness policy.

1. The Chief Nursing Officer and Nutrition Services Director shall ensure overall compliance with the local school wellness policy.
2. Parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the

CHAPTER 2.00: SCHOOL BOARD GOVERNANCE AND ORGANIZATION

school board, school administrators and the general public shall be permitted to participate in the development, implementation and periodic review and update of the local school wellness policy.

- B. Each school within Baker County School District will establish an ongoing Healthy School Team that will meet biannually to ensure compliance and facilitate implementation of Baker County School District's wellness policy.

The plan shall be pursuant to Florida Statutes and shall be comprehensive for all schools, school district facilities and all extracurricular activities. The plan shall include procedures that are State and Federally required, nationally recognized best practice, and researched-based interventions. After School Board approval, the *DISTRICT CRISIS MANAGEMENT PLAN* shall be made a part of this rule.
- C. As required by state law, the Superintendent shall require the use of the Safe School Assessment Survey based on the School Safety and Security Best Practices Indicators created by FL DOE Safe School Assessment Tool (FSSAT) to conduct a self-assessment of the District's current safety and security practices.

The Board's threat management process is a systematic, fact-based method designed to identify, using threat assessment protocols, whether behaviors or communications constitute a concern for violence or harm to another person. Florida Harm Prevention and Threat Management Model is designed to identify, assess, manage, and monitor threats to schools, school staff and students. The goal of the threat management process is to prevent violence or harm to members of the school community. The threat management process uses a methodology that identifies students exhibiting threatening or other concerning behavior, gathers information to assess the risk of harm to themselves or others, and identifies appropriate interventions to prevent violence and promote successful outcomes.

 - iv. The SBTMT Chair must notify the student of concern's parent or guardian if the threat management process reveals information about their student's mental, emotional, or physical health or well-being or results in a change in related services or monitoring, including but not limited to implementation of a Student Support Management Plan (SSMP).
 - v. The SBTMT Chair or designee must provide a copy of the SSMP to the student of concern's parent or guardian upon the plan's finalization and anytime the SSMP is substantially revised.
 - vi. The SBTMT Chair must make a reasonable effort to notify the parent or guardian of the targeted student before the end of the school day that the report was received unless the Chair has determined the concern is unfounded.

Threat management teams must meet as often as needed to fulfill their duties of assessing and intervening with persons whose behavior may pose a threat to school staff or students, but no less than monthly. The teams must maintain documentation of all meetings, including meeting dates and times, team members in attendance, cases discussed and actions taken.
9. Through the DTMC, the District must ensure that all threat management teams in the District report to the DOE office on the team's activities during the previous year. The District School Safety Specialist must ensure all schools in the District timely report all required information. The report will contain all data or information required by Florida law.
10. The School Based Threat Management Team (SBTMT) at each school, on a case by case basis, will determine the need to seek mental health intervention in the following areas:
 - School-based counseling
 - Community-based counseling

- B. The principal, teachers, parents and/or the school advisory council at an existing public school that has been in operation at least two (2) years may submit a proposal for converting the school to a charter school, provided that they demonstrate the support of at least fifty percent (50%) of the teachers then currently employed at the school and fifty percent (50%) of the parents whose children are then currently enrolled in the school. A majority of the parents eligible to vote must participate in the ballot process. The ballot process must be conducted in accordance with State Board of Education rule.

- I. For purposes of this policy, a recording is defined as the capture of a person's individual voice or images (i.e. pictures/video) through audio tape, digital, personal communication devices (i.e. smart phones) or other electronic means.
- II. The requirements of this policy shall not be interpreted to be in conflict with the requirements of Policy 5.25 – Student Use of Cellular Telephones and Other Communication Devices. Nor shall the requirements of this policy be interpreted to extend to school-sponsored public events, where there can be no expectation of privacy. A school-sponsored public event is any school-related activity, whether free or at which an admission fee is charged, that members of the public may attend. These include but are not limited to athletic competition, plays, musical performances, awards ceremonies, and graduation.
- III. In general, the recording of parent-staff meetings is prohibited. Video recording of parent-staff meetings is strictly prohibited. Audio recording of parent-staff meetings is prohibited except as provided below.
- IV. The principal or a District administrator may permit an exception to this general prohibition for audio recording of parent-staff meetings related to Exceptional Student Education services (including child find, evaluation, eligibility determination, or provision of ESE services) where a parent has documented that such audio recording is necessary for that parent to meaningfully participate in the meeting; to understand the IEP process and/or his/her child's IEP; or is otherwise necessary to implement other parental rights under the IDEA, Section 504 of the Rehabilitation Act of 1973, as amended, and/or the Americans with Disabilities Act, as amended. Authorized exceptions to the general prohibition against the audio recording of a parent-staff meeting will typically involve situations when a parent has a disability recognized under Section 504/ADA or a language barrier that would preclude the individual's ability to understand and/or meaningfully participate in the IEP process or the relevant planning of the student's education.
 - A. If a parent believes that recording a parent-staff meeting related to Exceptional Student Education services is necessary, s/he should notify the principal in writing, preferably at least two (2) school days before the meeting, of his/her desire to record the meeting and the reason the recording is required. The principal, Director of Exceptional Student Support Services or designee may ask for documentation of the existence of any such disability or language barrier. The principal, Director of Exceptional

CHAPTER 3.00 – SCHOOL ADMINISTRATION

Student Support Services or designee will notify the parent at least one (1) school day before the meeting if s/he intends to grant or deny the parent's request to record the meeting.

- B. If the principal, Director of Exceptional Student Support Services or designee denies the request, s/he will state in writing the reasons for the denial. Authorized exceptions to the general prohibition against the recording of IEP Team meetings involve situations when a parent, or authorized representative of a parent, or other IEP Team member, is unable to understand or meaningfully participate in the IEP process or the planning of the relevant student's education due to a disability, language barrier, or some other impairment. If a parent is permitted to record the meeting, s/he must use his/her own audio recording device and the District will similarly record the meeting.
- C. For purposes of the recording of IEP Team meetings, a recording is defined as the capture of voices, and other ambient sound electronically, digitally, or by any other means for the purpose of retrieval and review. Recording, moving visual images at an IEP meeting is strictly prohibited.
- D. If the District records an IEP Team meeting, the resulting recording shall become a part of the student's educational record and will be maintained in accordance with State and Federal law.

INSTRUCTIONAL MATERIALS SELECTION

4.12

All classroom instructional materials, used in the Baker County Schools including State-adopted single source textbooks, instructional aids, and other supplementary materials, for the first time shall undergo an evaluation. 5. The contested material shall be made available to the public online at least seven (7) days before the hearing.
 6. The decision of the School Board, after convening a hearing, shall be final and not subject to further review or petition.

EXERTIONAL HEAT ILLNESS

4.18*+

I. Purpose of policy:

This policy describes the best practice procedures for the prevention, monitoring, and when necessary, the treatment of exertional heat illnesses for students/athletes, faculty, and staff of Baker County School District. This policy applies to all staff members, including but not limited to athletic trainers, physicians, athletic administrators, coaches, strength and conditioning staff, and school administrators who are associated with activities where heat illness poses a risk, including but not limited to, outdoor and indoor activities where high temperature and specifically, high humidity environmental risks are present (e.g., athletics, intramurals, course instruction, marching band). Exertional heat illness includes exercise-associated muscle cramps, heat syncope, heat exhaustion, and exertional heat stroke (EHS)). Current best practice guidelines suggest that the risk of exertional heat injuries can be minimized with heat acclimatization and diligent attention to monitoring individuals participating in activities that place them at a higher risk for these types of injuries. In the event an athlete sustains a heat illness, immediate and proper treatment is necessary.

II. Definitions:

- A. *Acclimatization* – The process of gradually increasing the intensity of activity in a progressive manner that improves the body's ability to adapt to and tolerate exercise in the heat. The acclimatization period is defined as the first 14 calendar days of a student-athletes' participation, beginning with the first allowable date of practice in the sport for the first day an athlete begins official practice, whichever is later.
- B. *Wet Bulb Globe Temperature* – The WBGT is a measurement tool that uses ambient temperature, relative humidity, wind, and solar radiation from the sun to get a comprehensive measure that can be used to monitor environmental conditions during exercise. WBGT is different than heat index, as it is a more comprehensive measurement of environmental heat stress on the body.
- C. *Non-Practice Activities* – Activities that include meetings, injury treatment, and film study.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION

- D. *Practice* – The period of time that a student-athlete engages in coach-supervised, school approved sport or conditioning related-activity. Practice time includes from the time the players report to the field until they leave.
- E. *Walk Through* – A period of time where players are reviewing positional strategy and rehearsing plays. Players do not experience contact and thus they do not wear equipment and the intensity of the activity is minimal often involving walking. This period of time shall last no more than one hour. It is not considered part of the practice time regulation. It may not involve conditioning or weight room activities. Players may not wear protective equipment during the walk through.
- F. *Recovery Time* – This period of time is defined as non-activity time outside of practices or games. NO ACTIVITY, including non-practice activity, can occur during this time. When it is possible, proper recovery should occur in an air-conditioned facility for a minimum of 3 hours in duration.
- G. *Rest Breaks* – This period of time occurs during practice and is a non-activity time that is in a ‘cool zone’ out of direct sunlight.
- H. *Exertional Heat Stroke (EHS)*– Defined as having a rectal temperature over 104°F-105°F (40.5°C), and central nervous system dysfunction (e.g. irrational behavior, confusion, irritability, emotional instability, altered consciousness, collapse, coma, dizzy, etc.).
- I. *Cooling Zone*- An area out of direct sunlight with adequate air flow to assist in cooling. A cold-water or ice tub and ice towels should be available to immerse or soak a patient with suspected heat illness This may be outdoors or indoors depending on proximity to field.
- J. *Qualified Health Care Professional (QHP)* - As defined by the American Medical Association (AMA), “is an individual who is qualified by education, training, licensure/regulation (when applicable), and facility privileging (when applicable) who performs a professional service within his/her scope of practice and independently reports that professional service.”
- K. *Hypohydration*- (reduced hydration status) is a deficit of body water that is caused by acute or chronic dehydration.
- L. *Central Nervous System dysfunction*- includes any sign or symptom that the central nervous system is not working properly, including: dizziness,

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION

drowsiness, irrational behavior, confusion, irritability, emotional instability, hysteria, apathy, aggressiveness, delirium, disorientation, staggering, seizures, loss of consciousness, coma, etc.

- III. Monitoring Heat Stress - Schools must monitor heat stress. Heat stress is determined by measuring the ambient temperature, humidity, wind speed, sun angle and cloud cover at the site of the athletic activity. Schools are required to follow and adhere to the guidelines set forth by the FHSAA for heat stress readings.
 - A. A pre-participation history and physical exam is required. Individuals with risk factors will be identified and counseled on heat illness.
 - B. The athletic trainer or persons responsible will be notified of individuals with pre-existing conditions that place the individual at risk of exertional illness.
 - C. Coaches will be notified of individuals at higher risk as needed.
- IV. Each athletic coach involving outdoor practices or events shall annually complete training in exertional heat illness identification, prevention, and response, including the effective administration of cooling zones.
- V. Environmental Monitoring and Activity modification/Cancellation
 - A. Environmental monitoring will occur utilizing a WBGT device
 - B. Environmental monitoring will occur any time it is warm outside (i.e. over 70°F)
 - C. Environmental monitoring and activity modifications may be necessary for certain types of indoor facilities.
 - D. Monitoring of WBGT will occur every 30 minutes beginning at the scheduled practice time.
 - E. All environmental monitoring will be recorded and stored either hard copy or electronically.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION

- F. Modifications will be made in accordance with the best practice guidelines for our region. Baker County School District is in the southern region and will follow the guidelines based on the Florida High School Athletic Association policy.
- VI. Acclimatization protocols apply to all sports. Days 1 through 5 of the heat acclimatization period consists of the first 5 days of formal practice. During this time, athletes may not participate in more than one (1) practice per day. If a practice is interrupted by inclement weather or heat restrictions, the practice will recommence once conditions are deemed safe. Total practice time will not exceed 3 hours in a single day. A 1-hour maximum walk-through is permitted during days 1-5 of the heat acclimatization period. A 1-hour recovery period will take place between the practice and walk-through (or vice versa).
- VII. Student-athletes who participate in activities that last for an extended amount of time or multiple activities in a day should be provided electrolytes to assist in rehydration. Rest breaks must involve unlimited hydration intake and rest without any activity involved.
- VIII. Coaches are required to adopt a heat injury prevention philosophy by promoting unrestricted access to water at all times. A student-athlete should never be denied access to water.
- IX. The school's emergency action plan must include a procedure for onsite cooling using cold-water immersion or equivalent means before a student-athlete is transported to a hospital for exertional heatstroke.
- X. Cooling zones must be available for each outdoor athletic contest, practice, workout, or conditioning session. Cooling zones must include the immediate availability of cold-water immersion tubs or equivalent and may also include ice sponges and towels or tarps that can be filled with ice and wrapped around

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION

- A. Support the use of technology to improve teaching and learning, and to support innovations throughout the educational system.
- B. With artificial intelligence (“AI”) technology shifting from providing access to instructional resources and capturing data to automating decisions about teaching and learning processes and detecting patterns in data it is necessary for there to be an increase in the level of responsibilities a person may delegate to a computer system.
- C. Since AI systems could lead to bias in how patterns are detected and unfairness in how decisions are automated, it is essential for the District to develop this policy in how AI is developed for and used in education.
- D. This policy outlines the acceptable use of AI tools and applications within Baker County Schools to ensure their safe, ethical, and responsible use.
- E. It is the District’s responsibility to educate and train students to utilize AI in an ethical and educational way. The District is not banning teacher or student use of AI, but each teacher and student needs to be aware of the limitations and guidelines of its usage.
 1. Teachers may allow the use of AI for curriculum purposes. For example, AI programs may assist students with providing clarifications of information or explanations of ideas and concepts. AI may also be helpful for students with generating ideas, topics and writing prompts.
 2. If the District uses grant funds for subscription fees and/or professional learning for students in grades 6-12 during the school day, the AI platform selected must:
 - i. Use large language models based on GPT-4 or its equivalent;

Board Approved: 01/21/2025

BCSD 4.265+

- ii. Be on a closed system;
- iii. Provide professional learning to teachers;
- iv. Provide one-on-one tutoring aligned to the B.E.S.T standards for reading and math;
- v. Provide standards-aligned lesson plans and insights on student progress; and
- vi. Provide District and school-level reporting and parental access to AI interactions.

F. Teachers and staff need to be aware and understand:

- 1. Generative AI is not a substitute for human creativity, judgment, and creation.
- 2. Supervisors must be notified when AI is being used to complete a task.
- 3. The use of AI may implicate Intellectual Property rights, Privacy rights, and other District policies.
- 4. Any work product prepared by AI should be peer reviewed for accuracy, appropriateness, and bias (depending on the nature of the work)
- 5. Students and staff shall not enter passwords, confidential, proprietary, or sensitive District data into AI.
- 6. Students and staff shall not enter employee or student records, names, addresses, etc., into AI.
- 7. Students and staff shall not integrate AI tools with District software.
- 8. Students and staff shall not use AI for employment decisions about applicants or employees.
- 9. Students and staff shall not use AI tools specifically prohibited by the District, the Florida Department of Education, the State of Florida, or the United States Department of Education.

G. Students Responsible Use –

- 1. When using AI, students need to be aware that anything entered into AI may be retained or reused by the AI, without the ability of the student or the District to retract or further control such information. Students are prohibited from entering any District information and documents or personally identifiable information of students or District

staff into AI on District-owned or operated computers, devices, software, and hardware, including through Internet-access provided by the District.

2. AI can have implicit bias, and even present incorrect information. Students must understand that AI is not always factually accurate, nor seen as a credible source, and should be able to provide evidence to support its claims. All users must also be aware of the potential for bias and discrimination in AI.
3. If a student is using AI, they need to think critically and be sure to fact-check using primary sources.
4. AP, IB, and Dual Enrollment college and university classes may have additional restrictions and limitations regarding the use of AI.
5. The use of AI, including tools like Chat GPT, necessarily implicates academic integrity and therefore it is the policy of the School Board that Chat GPT—and any other AI the Superintendent or his/her designee determines implicates academic integrity—cannot be used for essays or other papers submitted on behalf of the student. Should AI be used in any capacity, the student must indicate the use of AI related to his or her school work: attributing AI text, image, multimedia, etc. when using them in his or her school work and to what extent AI-generated information was prepared, e.g., attributing AI text, image, or multimedia use, etc. The use of AI could be subject to the District's Academic Dishonesty Policy.
6. Students are not permitted to use AI to avoid doing his or her own work.
7. Students may not use AI when his or her teacher has expressly forbidden its use.
8. Student access to certain websites using AI may be granted; however, privacy guidelines and age restrictions must be considered prior to allowing the usage.

H. Any misuse of AI or AI-related tools and applications, such as hacking or altering data, on District-owned or operated computers, devices, software, and hardware, including District-provided Internet-access, is strictly prohibited. The use or misuse of AI or AI-related tools and applications, such as hacking or altering data, with the intent to substantially disrupt District-owned or operated computers, devices, software, or hardware, or with the intent to impermissibly alter data on District-owned or operated computers, devices, software, or hardware shall be grounds for discipline.

The Superintendent shall develop procedures by which approved vendors, contractors, or other authorized third parties may obtain permission from the School Board to operate drones on Board property or school grounds, and by which these vendors, contractors, or third parties shall be informed of this policy and its requirements and limitations. These procedures shall include, at a minimum, development of a form that all vendors, contractors, or third parties operating drones with the permission of the School Board shall execute. No vendor, contractor, or third party shall be permitted to operate drones on the property of the School Board or on school grounds prior to the execution of this permission form.

5.03+

The School Board shall establish residential attendance zones for each school based upon the Superintendent's recommendation. All students, unless otherwise provided by School Board rule or authorized by the School Board's order, shall attend the school serving the student's residential attendance zone. Each residential attendance zone shall be established to achieve maximum utilization of all School Board facilities and to consider the time and distance of travel for students. The instructional capacity for each school will be set yearly by the School Board after the recommendation by the Superintendent or his/her designee ("Instructional Capacity"). For the purposes of this policy, Enrollment Capacity is defined as ten percent less than the Instructional Capacity. A student's residence is the residence of his/her parent(s), legal guardian, legal custodian, or other such person as defined by any order issued by a court of competent jurisdiction of the state of Florida and by Florida Statutes. Any student residing in the School District shall be assigned to a school for attendance by the Superintendent or designee based upon the Controlled School Choice Program.

- I. No student shall be permitted to transfer, enroll, or be admitted to a school when he/she has been expelled from another school district. This prohibition shall be effective for the period of time in which the student was expelled from another district. Such students shall be accorded the same appeals procedure which is available to District students. However, under §1006.07, F.S., the Superintendent may recommend to the School Board that the other school district's final order of expulsion be waived and the student be admitted. The School Board shall make the final decision.
- II. A student may be permitted to attend a school in another residential attendance zone pursuant to the following procedures of the School Controlled Open Enrollment Plan listed below:
 - A. Parents must request reassignment following published timelines if they desire reassignment to any school other than their assigned school.
 - B. An Appeals committee will be appointed by the Superintendent to hear appeal requests for reassignment.
 - C. Once a child attends an out-of-zone school, preference for continued attendance will be given to that student and their younger brothers and sisters.
 - D. Parents participating in the controlled open enrollment program will provide their own transportation. The District will provide parents with Information on transportation options available within the

community. Parents will be provided information on transportation options available for students attending their school of choice pursuant to 1002.38, 1002.39 or 1002.394 and including within the community, as well as the funds available for transportation pursuant to ss. 1002.394, 1002.395 and 1011.68.

- E. Out of county transfers may apply for their school of choice and will be placed in their school of choice in accordance with the procedures set forth in Policy 5.031 Student Out of Zone Transfers/CHOICE following the placement of the Baker County Residents who have priority.
- F. In implementing the school choice initiative, no school will be out of compliance with federal desegregation orders.
- G. Students in the Exceptional Education Program will be placed in the best interest educationally for the child and where the programming for that specific disability is being housed.

- III. Any student whose legal residence is outside the boundaries of the county may be enrolled in any District school under the provisions of Florida Statutes and the Controlled Open Enrollment Plan. The assigned school for an out-of-district student shall be designated on the basis of space available. Such transfers shall be on a nondiscriminatory basis and shall not result in reducing desegregation in either school district or in reinforcing the dual school system.
- IV. A student who has been attending, in the year prior to the designation, a public school that has been classified as performance grade category “F” or has earned three (3) consecutive grades of “D” or a student who is assigned to a public school that has been designated as performance grade category “F” or has earned three (3) consecutive grades of “D” may attend a higher performing public school in the District or a school in another district as allowed by law.

5.031*+

- I. The School Board strives to accommodate family choice to the maximum extent possible. Students may attend a school other than their zoned school if they have been granted a choice assignment in accordance with this policy. Disciplinary and/or attendance issues may result in a return to the home zoned school the following school year and/or may result in immediate return to the home zoned school. School choice may be available for the following:
 - A. Magnet Programs
 - B. Controlled Open Enrollment
 - C. Charter Schools
 - D. McKay, Family Empowerment, or Opportunity Scholarships
 - E. Home School
 - F. Virtual School
 - G. Dual Enrollment
- II. The following provisions apply to all choice assignments:
 - A. The student must remain in the zoned school until a choice assignment is granted.
 - B. Applications for certain choice assignments must be submitted within the designated time frame. Time frames are published on the Board website for applications for the following school year.
 - C. With the exception of children of full-time Board employees who are non-residents of the District, students whose primary legal residence is in the District shall be given preference over non-resident students with respect to the granting of choice assignment.
 - D. The Board does not provide transportation to students with choice assignments except as otherwise provided for in this policy or by law.

CHAPTER 5.00 – STUDENTS

- B. Application to magnet programs will begin in January for entry into the program at the beginning of the following school year. The Superintendent will annually establish caps for each magnet program and a deadline for applications.
- C. For any school year, parents may apply for admission of the student to magnet programs and, must signify their choice by registering the student by the date established by the Superintendent.
- D. A student who is accepted to a magnet program who ceases to participate in the program will be returned to his/her zoned school. Participation is defined as being registered in and maintaining the expected levels of success as defined by the magnet program. A minimum, grade point average may also be required.
- E. Transportation may be provided for students enrolled in magnet programs at the discretion of the Superintendent or as may be required by applicable law.

IV. Controlled Open Enrollment

- A. Students may be granted choice assignments to schools that are not crowded and would not become crowded as a result of such assignments.
- B. The Board will establish a ninety percent (90%) capacity determination for each school, by grade level, in the District. The capacity determination will be identified on the school district's website and must be updated every 12 weeks. Schools having a projected enrollment of less than ninety percent (90%) of capacity for the following school year will be available for controlled open enrollment. Projected enrollment will be calculated by taking the number of students zoned to the school, subtracting those students granted acceptance to magnet programs at other schools, adding students granted acceptance to magnet programs at the school, and adding students with continuing zoning exceptions.
- C. Schools having a projected enrollment equal to or greater than ninety percent (90%) capacity for each school, by grade level, will not be available for controlled open enrollment, any applications submitted will be placed on

CHAPTER 5.00 – STUDENTS

a waiting list. Students denied access due to capacity will be notified when space becomes available. Eligible schools will be posted on the Board's website.

- D. Applications for controlled open enrollment will be submitted to the School on the Controlled Open Enrollment Form. The Superintendent will annually establish an application period for controlled open enrollment.
- E. The Accountability and Special Programs Office will compile applications into lists by school of application.
 - 1. If the school's ninety percent (90%) capacity would not be exceeded by the number of choice applications when added to the projected school population, choice applicants for that school will be approved as in alignment with the Controlled Open Enrollment.
 - 2. If the school's ninety percent (90%) capacity would be exceeded by the number of choice applications when added to the projected student population, admission will be granted first to students who have siblings in the chosen school, and all other available positions will be filled through a stratified lottery will be utilized to maintain socioeconomic and demographic balance as defined in statute.
 - 3. Other priorities, once verified, applications for students meeting one or more of the priority criteria as described in this paragraph shall be granted priority to attend their first choice school if a seat is available. Applications with one or more of the priorities provided in this paragraph shall be separated from each group and placed in random order. Students who are eligible for priority preference include:

- G. A student who is granted a choice assignment under Controlled Open Enrollment must register at the new school within ten (10) days of being notified or the choice assignment will be rescinded.
- H. Students who are not selected to attend the school(s) to which they applied will be notified that the District will be unable to place them at a requested school and they must register at their zoned school. The student will be placed on a waiting list. The school capacity determination for each grade level must be updated every 12 weeks. If capacity becomes available at a grade level within a school, parent(s) of students placed on the waiting list will be notified of the opening and permitted to enroll throughout the school year.
- I. Positions at a school that were assigned to a student under Controlled Open Enrollment will be monitored at the beginning of the school year. Students who have accepted assignments but who are not in attendance by the tenth (10th) day of school will have their assignments revoked. A revoked choice assignment may then be assigned to the next student on the waiting list.

V. Charter Schools

In addition to choice within schools operated by the Board, parents may elect for students to attend charter schools that have been approved by the Board. (See Policy 3.16 - Charter Schools). Each charter school is operated and governed by its own independent board. Parents who elect this option need to communicate directly with the charter school to resolve questions and concerns.

VI. McKay, Opportunity, and Empowerment Scholarships

Students with disabilities may be granted choice assignments to schools other than the school to which they are zoned under the provisions of the McKay Scholarship Program (F.S. 1002.39).

X. Revocation of Choice Assignment

If a student is granted a choice assignment and displays issues with attendance, grades, or disciplinary actions the principal may make the decision to have the student returned to their zoned school. Prior to revoking a school choice variance the school will document a minimum of three (3) good faith efforts to provide interventions and enlist parental/guardian support for the identified areas of concern. If a student is being returned to their zoned school due to a revocation, communication should occur between the schools to establish supports for the student. Revocation of a choice assignment within ten (10) school days of the end of a nine (9) weeks or semester grading period will be effective the first day of the following grading period. No requests for revocation will be considered during the final twenty (20) days of the school year.

XI. Zoning Exceptions

Students may attend a school other than their zoned school if they have been granted a zoning exception in accordance with this policy. Zoning exceptions are not to be used as a substitute for school choice. Zoning exceptions may be granted for the following reasons:

- A. Parents employed by the Board: Students are allowed to attend the school of parent's choice if the parent is a full-time employee with Baker County Schools who resides in Baker County. A choice form must be completed and approved prior to the transfer. Students may ride the bus from the nearest existing stop servicing the requested school.
- B. Exceptional Student Education (ESE) Transfers: Students who transfer into the District from another school district must have an IEP meeting to review

CHAPTER 5.00 – STUDENTS

their current IEP after obtaining approval or upon verification as a new resident. Some ESE programs do not allow for choice because they serve the specific needs of a student with a disability at a cluster site. Siblings of ESE students being served in a cluster site program may attend school with the ESE siblings. Parents must complete the request form prior to sibling transfer. Transportation may not be provided for the non-ESE siblings. Time Frame: ESE service requirements.

- C. Hardship Placement:
 - 1. medical/psychological need
 - 2. police/DCF request
 - 3. victim of a violent crime
- D. Transfers are allowed for a student whose parents have begun actual construction on a home in the receiving school zone, if the student shall permanently move into the home by the end of the semester in which the transfer is to take place. Time Frame: One Semester.
- E. Students who move to another school zone within Baker County before the end of the first semester of the school year are to enroll in their zoned school or may request choice. Students who move following the end of the first semester are permitted to complete the academic year at the school in which the students were legally enrolled prior to the change of address.
- F. Out of district transfers, including students of Baker County School employees will be approved on a case-by-case basis if space is available. An application must be submitted to both the home school district and to Baker County Schools. The parent must show verification of release from the home school district if out of state prior to being approved and enrolling in Baker County Schools.

CHAPTER 5.00 – STUDENTS

ZERO TOLERANCE FOR SCHOOL RELATED CRIMES

5.130*

- I. It is essential that schools be safe and orderly to provide environments that foster learning and high academic achievement. The District shall strive to protect students, staff, visitors and volunteers from harm and to protect victims of crime from further victimization. In a disciplinary action, there is a rebuttable presumption that the actions of a student who intervened for the defense of others or in the student's own self-defense, was using only the amount of force necessary, to stop a violent act against a student, staff, or volunteer that was necessary to restore or maintain the safety of others. This policy applies to conduct on School District property, school or District provided transportation and at any school or District sponsored activity. This policy implements the zero tolerance policy as outlined in Florida Statutes.
- II. Acts that pose a threat to school safety are those acts that endanger the life or safety of a student, staff member or other person on campus or at a school or District sponsored activity. Such acts include but are not limited to
 - A. Aggravated battery;
 - B. Armed robbery;

Law enforcement consultation is not required for petty acts of misconduct which are not a threat to school safety.
- V. The District shall report to the appropriate law enforcement agency any act that poses a threat to the safety or welfare of students, staff and other persons on school property or at school events or is a serious violation of law. The following acts when committed on School District property or at a District activity shall be reported to the appropriate law enforcement agency:
- A. Alcohol violation;

- VI. Consultation with law enforcement is required when a student commits more than one misdemeanor, to determine if the act should be reported. The school principal will recommend to law enforcement that all potential misdemeanor criminal charges committed by a student during school hours, or at a school sponsored activity, be considered for a juvenile civil citation, when appropriate. All student code of conduct violations that are a felony in the state of Florida, and weapons possession/use or threats by a student as defined by F.S. 790.162 or F.S. 790.163, must be addressed in consultation with local law enforcement. Law enforcement will be consulted relative to any student who demonstrates a pattern of behavior, based on previous acts or the severity of the acts, that would pose a threat to school safety.
- VII. The school principal shall notify all school personnel of their responsibility to report to the principal or his/her designee crimes or incidents posing a threat to school safety and ensure the incident is properly documented.

- IX. Students found to have committed one of the following offenses on school property, school sponsored transportation or during a school sponsored activity shall be expelled, with or without continuing educational services, from the student's regular school for a period of not less than one (1) full year and be referred to the criminal justice or juvenile justice system:

- XI. The School Board may assign the student to a disciplinary program for the purpose of continuing educational services during the period of expulsion.
- XII. The Superintendent may consider the one (1) year expulsion requirement on a case-by-case basis and request the School Board to modify the requirement by assigning the student to a disciplinary program or second chance school if the request for modification is in writing and it is determined to be in the best interest of the student and the school system.
- XIII. If a student committing any of the offenses in this policy is a student with a disability, the School Board shall comply with the applicable State Board of Education rules.

CHAPTER 5.00 – STUDENTS

DRUG AND ALCOHOL TESTING OF STUDENT ATHLETES

5.140

Recognizing that student participation in interscholastic athletics is extra-curricular and voluntary and pursuant to Florida Statutes, the School Board has adopted a policy on drug and alcohol testing of student athletes including the following provisions:

- 1) Definitions - For purpose of this policy, the following terms and phrases shall be defined as follows:
 - a) Alcohol shall mean any beverage, mixture or preparation, including any medications or other products, containing alcohol or ethanol.
 - b) *Chain of custody* refers to the methodology of tracking specified materials or substances for the purpose of maintaining control and accountability from initial collection to the final disposition for all such materials or substances and providing for accountability at each stage in handling, testing, storing specimens and reporting test results.
 - c) *Confirmation test, confirmed test, or confirmed drug test* means a second analytical procedure used to identify the presence of a specific drug or metabolite in a specimen. A second test must be different in scientific principle from that of the initial test procedure and must be capable of providing requisite specificity, sensitivity, and quantitative accuracy.
 - d) *Drugs* shall mean any substance or drugs identified in Schedules I through V of 21 United States Code Section 202 (controlled substances act) and as further defined by 21 CFR 1300.11 through 1300.15 and Section 893.03, Florida Statutes, and shall include, without limitation cannabinoids (marijuana), amphetamines, alcohol, cocaine, opiates, and phencyclidine (PCP).
 - e) *Drug test or tests* mean any chemical, biological, or physical instrumental analysis administered - by a laboratory certified by the United State Department of Health and Human Services or licensed by the agency for Health Care Administration - for the purpose of determining the presence or absence of a drug or its metabolites.
 - f) *Initial drug test* means a sensitive, rapid, and reliable procedure to identify negative and presumptive positive specimens, using an immunoassay procedure or an equivalent, or a more accurate scientifically accepted method approved by the United States Food and Drug Administration as such more accurate technology becomes available in a cost-effective form.

CHAPTER 5.00 – STUDENTS

- g) *Medical review officer* or *MPO* is a licensed physician who has agreed to provide services to the School Board for the purpose of reviewing drug test results and communicating with student athletes and their parent(s) concerning any positive drug test result as more specifically described herein.
- h) *Prescription* or *nonprescription medication* means a drug or medication obtained pursuant to a prescription as defined by Section 893.02, Florida Statutes, or medication that is authorized pursuant to federal or state law for general distribution and use without a prescription in the treatment of human disease, ailments, or injuries.
- i) *Parent* shall mean the parent, as defined by Florida Statutes, of a student athlete.
- j) *Reasonable-suspicion drug testing* means drug testing based on a belief that a student athlete is using or has used drugs in violation of School Board policy drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience. Among other things, such facts and inferences may be based upon:
 - i) Observable phenomena while at school, athletic practice, athletic competition, or other times such as direct observation of drug use or the physical symptoms or manifestations of being under the influence of a drug.
 - ii) Abnormal conduct or erratic behavior while at school, athletic practice, athletic competition, or other times.
 - iii) A significant deterioration in athletic performance.
 - iv) A report of drug use, provided by a reliable and credible source.
 - v) Evidence that a student athlete has tampered with his/her drug test.
 - vi) Evidence that a student athlete has used, possessed, sold, solicited, or transferred drugs.
- k) *Specimen* means tissue, hair, or a product of the human body capable of revealing the presence of drugs or their metabolites, as approved by the United States Food and Drug Administration or the Agency for Health Care Administration.
- l) *Student athletes* are any students enrolled in the county public schools who are participating in or applying for participation in any interscholastic athletic

CHAPTER 5.00 – STUDENTS

program, including practices and contests under the control and jurisdiction of the School District.

- m) *Interscholastic athletics* is defined as any play between organized varsity, junior varsity, B squads, or 7th, 8th and 9th grade squads of different schools in sports including cheerleader squads.

2) General Prohibitions and Penalties

- a) **Standard of Conduct for Student Athletes** - The use or possession of a drug, as defined herein, by a student athlete at any time is both illegal and detrimental to that student athlete's ability to participate in interscholastic athletics and is hereby prohibited. Any student athlete determined to be in violation of this policy is subject to disciplinary action related to his/her participating in interscholastic athletics and will be suspended from participation.
- b) **Code of Student Conduct** - Nothing contained in this policy for drug testing for student athletes shall be construed to limit the application and enforcement of the *Code of Student Conduct*, including all of its provisions pertaining to drugs and alcohol.
- c) **Positive Test Results** - A drug test administered pursuant to this policy will be deemed to have rendered a positive result indicating the presence of a drug if the quantity as determined by an initial laboratory analysis followed by a confirmation analysis of the remaining portion of a spit sample is equal to or greater than the following levels:
 - i) Amphetamines: 1000ng for the initial test and 500ng for the confirmation test.
 - ii) Cannabinoid (marijuana): 100ng for the initial test and 15ng for the confirmation test.
 - iii) Cocaine: 300ng for the initial test and 150ng for the confirmation test.
 - iv) Ethanol: Any amount if detected during the initial test and the confirmation test.
 - v) Opiates: 300ng for the initial test and 300ng for the confirmation test.
 - vi) Phencyclidine (PCP): 25ng for the initial test and 25ng for the confirmation test.

CHAPTER 5.00 – STUDENTS

- vii) Other Drugs: If a drug test administered pursuant to this policy is intended to detect the presence of drugs other than those listed in paragraphs 1. - 6. above, then a determination as to whether such drug test renders a positive result shall be based upon the levels or quantities established for such drugs by the Medical Review Officer (MRO).
- d) Penalties - In addition to any disciplinary action that may be applicable pursuant to the *Code of Student Conduct*, any student athlete whose drug test administered pursuant to this policy renders a positive test result or who otherwise violates this policy shall be punished as follows:
 - i) First Offense or First Positive Drug Test Result - The student athlete shall be suspended from participation in all interscholastic athletics (including practices) and referred to a school-approved drug assessment and rehabilitation program. His/her parent(s) will sign the student athlete up and pay the enrollment fee. The student athlete will attend his/her normal classes while enrolled in the program unless he/she is under any disciplinary action set forth by the *Code of Student Conduct*. The length of the suspension shall be no less than four (4) weeks from notification of the test results. After the student athlete has satisfactorily completed the program, he/she may resume participation in interscholastic athletics under a probationary status with the following conditions:
 - a. Condition Number 1 - As a condition of probation, the student athlete shall be required to comply with any recommendations resulting from the assessment/counseling conducted as part of the assessment.
 - b. Condition Number 2 - At the conclusion of the assessment/counseling program, the student athlete must pass a second drug test. The cost of this test will be the responsibility of the student athlete and his/her parent(s).
 - c. Condition Number 3 - As a condition of probation, the student athlete will be subjected to recurring drug tests at times that would not be previously disclosed to the student athlete to deter the student athlete from committing a subsequent violation of this policy.
 - d. Condition Number 4 - The student athlete shall remain on probation throughout the remainder of the time that he/she is enrolled in school.

CHAPTER 5.00 – STUDENTS

- ii) Subsequent Offense or Subsequent Positive Drug Test Result - Upon determination that a student athlete is guilty of a second or subsequent violation of this policy or has a second or subsequent positive drug test result, the student athlete shall be prohibited from participation in all interscholastic athletics for one (1) full calendar year following the end of the athletic season during which the second offense or second positive drug test occurs. For example, if a football player has a second positive drug test during the middle of the football season, he/she would be prohibited from participating in any interscholastic athletics for the remainder of the season and for one (1) full calendar year thereafter.

3) Drug Testing Procedures

- a) Consent - Each student athlete and his/her parent are required to sign a written consent for drug testing form prior to being allowed to participate in interscholastic athletics. Any random drug testing or reasonable suspicion drug testing done throughout the course of the school year will be paid for by the school. Any refusal by a student athlete to be tested shall constitute a violation of this policy.
- b) Medication - Student athletes who have been selected for drug testing and who are or have been taking prescription or nonprescription medication should disclose that fact at the time of the drug testing and upon request provide verification. This disclosure may be done by either a copy of the prescription or by the physician's written authorization.
- c) Selection Process - Drug testing of student athletes shall occur at various times throughout the school year on a team and/or individual basis whereby all student athletes participating in a particular sport would be required to undergo drug testing or where individuals would be selected at random using a numerical selection process where each student athlete's name and identity remains unknown until the random selections are complete. The times for team drug testing will be determined by the athletic director. The random selection will occur on a weekly basis throughout the fall, winter and spring sports seasons. The random drawing of student athletes will be done by the testing agency, which is also the provider of the medical review officer. This process is to insure fairness and confidentiality for our student athletes. Reasonable suspicion drug testing will occur at the request of the coach based on a belief that student athlete is using or has used drugs in violation of athletic department policy. Re-testing of student athletes following a first offense or first positive drug test result shall occur as specified in paragraph 2(D) above.

CHAPTER 5.00 – STUDENTS

- d) **Sample Collection Procedures** - Those student athletes who are selected for drug testing shall be required to report to the testing facility immediately after school and produce a urine sample under the supervision of the laboratory technician in a manner which will minimize intrusiveness and embarrassment to the student athlete while also insuring that there is no tampering with the urine specimen by the student athlete. Each urine sample container will be checked for appropriate temperature and for any signs of tampering and will be sealed and labeled with a number of other means of identification which does not disclose the student athlete's name.
- e) **Sample Analysis Procedures** - The sealed urine sample container will be delivered to the licensed testing facility through a verifiable chain of custody. A portion of the urine sample will then be analyzed by gas chromatography/mass spectrometry (GC/MS) or an equivalent or more accurate scientifically accepted method approved by the Agency for Health Care Administration of the United States Food and Drug Administration as such technology becomes available in a cost effective form. If the initial analysis renders a negative result, then the drug test will be deemed negative and no further analysis or action will be taken. If the confirmation analysis renders a positive result, then the drug test will be deemed positive, and a report of such results will be delivered to the medical review officer bearing only a number to identify the student athlete without the student athlete's name appearing on that report.
- f) **Medical Review Officer's Procedures** - The Medical Review Officer (MRO) will receive all reports of positive drug test results and will be supplied with information to determine the correct name of the student athlete whose identifying number appears on each positive test result report. Prior to verifying a positive drug test result, the MRO shall contact the student athlete whose name coincides with the identifying number on the positive drug test report and that student athlete's parent(s) to afford them the opportunity to discuss the test result confidentially with the MRO and provide the MRO with the student athlete's medical history and any other relevant biomedical information that would assist the MRO in determining whether he/she should verify the drug test result as positive or deem that result to be negative. If the MRO determines that the test result should be deemed negative, then no further action shall be taken and the student athlete's test result along with previous negative test results will be reported to the school principal or his/her designee as a negative result. If the MRO verifies that a positive drug test result as reported by the laboratory is indeed positive, then the MRO will offer (signed form) to the student/parents, the opportunity to have the original sample tested by another laboratory at the student's/parent's expense. This will be the final offer for a re-test. The MRO shall submit that positive drug test result to the student athlete's school principal or his/her designee identifying

CHAPTER 5.00 – STUDENTS

that student athlete by name so that the appropriate disciplinary action can be taken pursuant to this policy.

Re-testing of student athletes who are on probation because of a previous positive drug test or other violation of this policy shall be processed in the manner described above.

- 4) Appeal Procedures - In addition to the opportunity afforded to the student athlete and his/her parents to discuss that student athlete's confirmed positive drug test result with the MRO, a student athlete whose test result has been verified and forwarded by the MRO to the school principal or his/her designee for the imposition of disciplinary actions provided herein or a student athlete facing disciplinary actions provided herein as a result of other alleged violations of this policy, shall be entitled to procedural due process as follows:
 - a) Notice - The principal or his/her designee shall notify the student athlete and his/her parent(s) that the student athlete's positive drug test result has been verified by the MRO or that the student athlete has otherwise violated this policy, describe the disciplinary action to be taken, and advise the student athlete and his/her parent(s) of their right to schedule a due process hearing. This hearing will be scheduled for the following school day.
 - b) Hearing - If requested by the student athlete or his/her parent(s), the principal shall conduct a hearing within a reasonable period of time. The principal shall render a decision and provide the student athlete and parent with a written record of that decision at the hearing or within three (3) days of the hearing and sanctions shall begin immediately. The principal's decision shall be final and shall not be subject to any further administrative appeal.

By signing and dating this form, I consent to take preseason urinalysis if required and be random tested by draw throughout my sport's season(s). The preseason test, when required, is completed prior to the start of the particular sports season after tryouts are over. The random testing will be done weekly throughout the sports season. The draw for the random testing will be performed by an outside agency with the athletes being notified on the day they are to report for urinalysis. I also understand the provisions of reasonable suspicion.

By signing and dating this form I understand that the costs for the seasonal urinalysis are the athlete's responsibility and all random testing will be paid for by the school. I also understand that the cost for the assessment and rehabilitation program, in the event of a violation of the drug testing policy, is also the responsibility of the athlete.

4. Under the provisions of Florida Statutes, the District, trained and certified personnel, or an uncertified person who administers an epinephrine auto-injector under the authorization of an authorized health care provider shall not be liable for any injury resulting from the administration of an auto-injector provided that school personnel were trained or authorized as provided by law, followed the established protocol and believed that the student was having an anaphylactic reaction.

CHAPTER 5.00 – STUDENTS

- B. Opioid Antagonist Naloxone (“Narcan”). The School Board recognizes that the opioid epidemic is a public health crisis and access to opioid-related overdose reversal medication can be life-saving. The following protocols for the administration of Narcan in emergency situations are adopted to assist a person at risk of experiencing an opioid-related overdose.

1. Definitions
 - a. Drug overdose: an acute medical condition, including, but not limited to, severe physical illness, coma, mania, hysteria or death, which is the result of consumption or use of one or more controlled substances causing an adverse reaction.

MEDICAL MARIJUANA

5.152

- I. Administering Medical Marijuana to Qualified Students on District Property
 - A. The Board strives to comply with state law to honor families' private medical decisions while ensuring a learning environment free of disruption. To accomplish these goals, as a general rule, prescription medication, including medical marijuana, should be administered at home. Prescription medications, including medical marijuana, should only be administered on District property during school hours when administration cannot reasonably be accomplished outside of school hours. The primary caregiver should administer the medical marijuana/low THC cannabis at home whenever possible to qualified students/patients who require the use of medical marijuana/low THC cannabis for a qualifying medical condition.
 - B. In those limited circumstances when it is medically necessary, administration of medical marijuana to qualified students on District property shall be in accordance with this policy. Administration of all other prescription and nonprescription medications to students on District property during school hours shall be in accordance with applicable law and Board policy concerning the administration of medications to students.
 - C. Medical marijuana/low THC cannabis cannot be administered to a qualifying student/patient while aboard a school bus or at a school-sponsored event.
 - D. This policy conveys no right to any student or to the student's parents/guardians or other caregiver to demand access to any general or particular location on school or district property, a school bus or at a school-sponsored event to administer medical marijuana/low THC cannabis.
 - E. If the federal government indicates that the district's federal funds are jeopardized by this policy, or asks the District to cease and desist the implementation of this policy, the Board declares that this policy shall be suspended immediately and that the administration of any form of medical marijuana/low THC cannabis to qualified students on school property shall not be permitted. The District will comply with any federal guidance and/or directives related to this policy. 3. While the disclosure of PII without consent is allowed under the audit exception, it is recommended that whenever possible the administration either release de-identified information or remove the students' names and social security identification numbers to reduce the risk of unauthorized disclosure of PII.
4. Any entity receiving PII pursuant to a study, audit, evaluation or enforcement/compliance activity must comply with all FERPA regulations. Further, the entity must enter into a written agreement with the Board delineating its responsibilities in safeguarding the disclosed information. Specifically, the entity must demonstrate the existence of a sound data security plan or data stewardship program, and must also provide assurances that the PII will not be re-disclosed without prior authorization from the Board. Further, the entity conducting the study, audit, evaluation or enforcement/compliance activity is required to destroy the disclosed information once it is no longer needed or when the timeframe for the activity has ended, as specified in its written agreement with the Board.

CHAPTER 5.00 – STUDENTS

- XV. Student records may be disclosed to a court of competent jurisdiction in compliance with an order of that court or the attorney of record in accordance with a lawfully issued subpoena, upon the condition that the student and the student's parents are notified of the order or subpoena in advance of compliance therewith by the educational institution or agency.
- XVI. If the District initiates legal action (a lawsuit) against a parent, or if the parent initiates legal action against the District. In such circumstances, the District may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the District to proceed with legal action as the plaintiff or to defend itself.
- XVII. Record of Disclosures. A record of any requests or disclosures of PII of a student shall be maintained except for disclosures to the parent or eligible student; disclosure of directory information; or to any other school officials with a legitimate educational interest. The record of requests for disclosure shall include the following: the parties who have requested or obtained personally identifiable student information, the legitimate interests of the persons requesting or obtaining the information, and date parental/eligible student consent was obtained.
- XVIII. Disclosures for Health or Safety Emergencies. In the event of a health or safety emergency, disclosure of PII of a student may be made by school officials. Such emergency situations shall be declared in writing to the Superintendent by a recognized legal official with authority to declare such emergency. The declaration of a health or safety emergency shall include the need for specific personally identifiable student information, the time requirements for the information, and the parties to whom the information is disclosed who are responsible for utilizing the information to deal with the emergency.
- XIX. Transfer of Student Records. District, upon receiving a written request for another school, public or private, within or out of State, shall transfer within five (5) school days the records of the student.
- A. The records to be transferred shall include:
1. Category A and B (including disciplinary records with respect to suspension and expulsion) records as defined by Rule 6A-1.0955 F.A.C.
 2. Verified reports of serious or recurrent behavior patterns, including substantive and transient threat management evaluations and intervention services; and
 3. Psychological evaluations, including therapeutic treatment plans and therapy or progress notes created or maintained by School District or charter school staff, as appropriate.

The threat management team has made a determination that the non-threat finding must be retained in order to ensure the continued safety of the school community or to ensure the well-being of the student. Such determination and reasoning for maintaining the record must be documented with the non-threat finding. When this determination is made, the threat management team must re-evaluate the decision on an annual basis to determine if the record is no longer useful. The student's age and length of time since the original assessment must be considered in those evaluations.

XX. Reporting of student database information shall comply with these safeguards.

- A. Data reported to the Florida Department of Education shall not disclose a student's name or identity unless required by Florida Statutes;
- B. Data shall not be stored in a single file or released in such a manner that a complete student profile can be reported unless specified by Florida Statutes; and
- C. Data shall be protected from unauthorized use at all times

XXI. Social security numbers may be collected from students

- A. To be used as student identification numbers as allowed by §1008.386, F.S. until the Department of Education has issued a student identification number;
- B. To facilitate the processing of student scholarships, college admission and other applications; and
- C. For other purposes when consent of the parent or adult student is granted.

XXII. Required use of online educational services by students and parents. In order to protect a student's PII from potential misuse and in order to protect students from data mining or targeting for marketing or other commercial purposes, the Board requires the review and approval of any online educational service that students or their parents are required to use as part of a school activity (1) regardless of whether there is a written agreement governing student use, (2) whether or not the online educational service is free, and (3) even if the use of the online educational service is unique to

CHAPTER 5.00 – STUDENTS

specific classes or courses. The following requirements also apply to online educational services:

When such certificate is received, it must be filed with the office of the Superintendent. IV. Driving Record

- A. V. Initial Employment

- A. Any offer of employment with the School District is conditioned on submission of fingerprints as required by Florida Statute and a background investigation by the Superintendent or designee. After a job offer, but prior to beginning employment with the District, all candidates for all positions must undergo a criminal and employment background check (including verification of work authorization status through the E-Verify system) to determine suitability for employment. The application for employment shall inform applicants they are subject to criminal background checks, and advise applicants that failure to be truthful on the application about prior criminal history will be grounds for ineligibility or dismissal from employment.
- B. As a condition of employment and prior to beginning work, an applicant must undergo background screening as required by Florida Statutes by filing a complete set of fingerprints taken by an individual trained to take fingerprints. The fingerprints shall be processed by the Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI). The applicant shall be required to pay for full costs of processing at the time of fingerprinting.

He/she will compare the information provided by the new employee with the information received from the FDLE and/or the FBI pursuant to Florida Statute.
- E. The Superintendent or designee shall conduct employment history checks of applicants for instructional, administrative or any other positions requiring direct contact with students. The employment history check shall include, but not be limited to, screening through the use of educator screening tools described in law and contact with each previous employer. For all other applicants, the designee shall contact or attempt to contact all prior employers for a minimum of the past ten (10) years and all private or public educational institutions by which the applicant was previously employed while age eighteen (18) or older. The designee shall document all attempts to contact previous employers.
- F. No applicant who has received a conditional job offer shall begin work before his/her fingerprints are processed, the criminal and pre-employment investigation is completed, and a determination is rendered as to suitability for employment.
- G. Based upon the facts of an application, criminal background check or other valid or reliable data sources, applicants who are, or have been convicted of certain serious offenses may be denied employment by the School District. As used in this section the term conviction is defined as a finding of guilt, a plea of guilty, or a plea of *nolo contendere*, or a verdict of guilty. The withholding of adjudication or the entry of an order sealing or expunging the record requiring a pre-trial intervention or pre-trial diversion shall not be considered an exception to this section. Other information derived from the pre-employment investigation, which indicates the applicant may not be suitable for employment by the School District, may be grounds for denying employment to an applicant.

- C. If it is discovered during the period of employment that an employee has a prior criminal record and no falsification of an application nor attempt to mislead occurred, the record shall be reviewed by the Associate Superintendent. He/she shall consider all information, including any mitigating conditions, and report findings of fact, possible mitigating circumstances and recommendations for action to the Superintendent. The employee shall have the opportunity to respond in writing to the findings and recommendation. The Superintendent shall review the record, recommendation and response before taking appropriate action. Appeal of the Superintendent's action shall follow collective bargaining agreements or School Board policy, as appropriate.

IX. Reconsideration and Appeal

- A. Applicants who have been denied employment, and probationary employees who have been denied permanent employment, on the basis of their criminal record, drug screening and/or background check, may request reconsideration by the Associate Superintendent only if they present new information not previously available.

Such credit shall be applied as stipulated in the adopted salary schedules.
- 3) Teachers, hired new to the district after January 1, 1987, may be allowed credit for service rendered in a private school or educational institution provided that the accreditation of such school or institution is accepted by the Superintendent or his/her designee. Service shall be established from the date of active duty to the date of the discharge or release from duty and must be verified, and the discharge or release from active duty must have been under honorable conditions.
- 5) No credit for teaching experience will be allowed for substitute teaching unless the service was rendered under a contract and meets the requirements for a year of service.

- 9) Beginning with School Year 2009-2010, any employee shall not be given credit for years of experience for which they are drawing retirement funds. II. Investigation

The Superintendent shall immediately investigate any allegation of misconduct by an employee that affects the health, safety or welfare of a student regardless of whether the person resigned or was terminated before the conclusion of the investigation. The Superintendent shall notify the department of the result of the investigation and whether the misconduct warranted termination, regardless of whether the person resigned or was terminated before the conclusion of the investigation.

If the Superintendent determines that misconduct by an educational support employee, instructional staff member or an administrator who holds a certificate issued by the Florida Department of Education affects the health, safety, or welfare

CHAPTER 6.00 – PERSONNEL

of a student and the misconduct warrants termination, the staff member may resign or be terminated and the Superintendent shall report the misconduct to the Department of Education as required.

V. Employment Reference

The Board, Superintendent, or any other representative of the School District shall not enter into a confidentiality agreement regarding terminated or dismissed educational support employees, instructional personnel or school administrators, or educational support, instructional personnel or administrators who resign in lieu of termination, based in whole or in part on misconduct that affects the health, safety, or welfare of a student, and may not provide an employment reference or discuss the performance of an employee with a prospective employer in an educational setting without disclosing the person's misconduct that affected the health, safety or welfare of a student. COMPLAINT PROCEDURE FOR PERSONNEL

6.500

The Board and the Superintendent recognize that good morale among its employees/applicants is necessary. Problems are solved as they arise by sincere efforts of all persons concerned to work toward constructive solutions of such problems in an atmosphere of courtesy and cooperation. Whenever an employee/applicant feels that he/she has a complaint, every effort is to be made to arrive at a satisfactory resolution of the problem on an informal basis. When this cannot be done, employees/applicants not covered by a collective bargaining complaint procedure, can resort to the more formal procedures as provided herein. If the bargaining agreement is silent to the issue of discrimination, the employee may use these procedures. *These policies may be used for filing complaints of discrimination as set forth in Policy 2.16.

(1) Definitions:

- (a) *Complaint* shall mean any dispute or disagreement involving the interpretation or application of any existing Board rule or practice. It does not include disputes involving the interpretation or application of a collective bargaining agreement, or any provision thereof. Such disputes must be resolved through the grievance procedure in the bargaining agreement.
- (b) *Complainant* shall mean any employee, or group of employees, directly affected by the alleged misinterpretation or violation, filing a complaint.
- (c) *Employer* shall mean the School Board or its representatives.
- (d) *Day* shall mean a working day.

(2) Time Limits - The number of days indicated at each level is to be considered the maximum. Time limits may be extended by mutual agreement between the parties.

(3) Released Time - The complaint procedure will normally be carried out during non-work time. If, however, the Board elects to carry out provisions during work time, the complainant shall lose no pay.

(4) Complaint Procedure:

- (a) Informal Discussion - If an employee believes there is a basis for complaint, he/she shall discuss the complaint with his/her immediate supervisor or District Equity Coordinator within sixty (60) days of the occurrence of the alleged violation.

CHAPTER 6.00 – PERSONNEL

- (b) Level One - If the complainant is not satisfied with the informal resolution he/she may, within ten (10) days, file a formal complaint on the proper form and deliver it to his/her immediate supervisor. The Supervisor shall communicate his/her answer in writing to the complainant within ten (10) days after receipt of the complaint. Class complaints involving more than one (1) supervisor and complaints involving an administrator above the building level may be filed by the complainant at level two.
- (c) Level Two - If the complainant is not satisfied with the resolution at level one he/she may, within ten (10) days of the answer, file a copy of the complaint with the Superintendent. Within ten (10) days of receipt of the complaint the Superintendent shall indicate his/her disposition in writing to the complainant.
- (d) Board Appeal - If the complainant is not satisfied with the resolution by the Superintendent, he/she shall have the right to appeal the Superintendent's decision to the School Board; provided request for placement on Board agenda is filed within ten (10) days.
- (5) (a) The right to confidentiality, both of the complainant and the accused, will be respected, consistent with the Board's legal obligations and with the necessity to investigate allegations to take corrective action when this conduct has occurred.
- (b) Retaliation against an individual for filing a complaint or against an individual, providing information regarding such a complaint, is prohibited.
- (c) The use of these complaint/grievance procedures shall not prohibit the complainant from seeking redress from other available state and/or federal sources.

The Superintendent shall continue his/her efforts until at least three (3) firms have indicated an interest. There shall be a list of prequalified firms for each of the specialized areas of professional services enumerated in Florida Statutes.
 - A. Upon receipt of notice of interest, the Superintendent shall request the firm to furnish the following information:
 1. A full and complete statement of qualifications and capabilities;

- III. Public Notice and Applications - where the board by official action determines that it will enter into a contract for such professional services, the Superintendent shall cause to be published once each week for three (3) successive weeks in the local newspaper a public notice stating the type of professional services desired, giving a general description of the project, and stating how an interested firm may apply and the deadline for applications.

- IV. Rating of Applications - Based on the data filed by each applicant firm and the follow up data obtained by the Superintendent, the School Board will determine the order in which the applicants will be arranged for negotiation purposes.
 - A. To facilitate the selection process, the Superintendent shall prepare a full and complete summary report on each applicant firm.
 - B. Based on data available and its best judgment, the School Board will select the three (3) firms most qualified to perform the desired professional services and will rate them as first, second, and third most qualified for negotiation purposes.
- V. Negotiations - Subsequent to the above determination, the School Board will notify the firm rated as first most qualified and establish a date for the firm to make its presentation and to enter into negotiations with the Board for the professional services.
 - A. If the Board cannot obtain a fair, reasonable and competitive price for which the professional services will be rendered by such firm, negotiations shall be formally terminated by the Board. The Board will then undertake negotiations with the firm rated second most qualified. If an accord cannot be reached with this firm, negotiations will be formally terminated, and the Board will then undertake negotiations with the firm rated third most qualified.

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

- B. If the Board is unable to negotiate an acceptable contract with any one (1) of the first three (3) firms, it will select from among the remaining applicants in the order of competence and qualifications and continue its negotiations, provided, that such firms are considered competent to perform the services desired.
- VI. Special Assistance - Where the professional service contract will require a fee in excess of twenty-five thousand dollars (\$25,000), the Department of Transportation or the Department of General Services will be requested to provide assistance in selecting a consultant for professional services; provided that the School Board after three (3) attempts has not obtained a reasonable fair, and competitive price.

ELECTRONIC RECORDS, ELECTRONIC SIGNATURES AND ELECTRONIC FUNDS

7.22+

- I. Electronic Records, Electronic Signatures and Electronic Funds
 - A. An electronic signature may be used if the law requires a signature, unless there is a specific statute, regulation, or policy that specifically prohibits the use of an electronic record and requires the record(s) to be signed in non-electronic form. The School Board hereby authorizes the acceptance and distribution of electronic records and electronic signatures to and from District staff and other persons, as well as between District staff members. The Board further authorizes District staff to create, generate, communicate, store, process, use, and rely upon electronic records and electronic signatures. The Superintendent shall put in place measures to protect the integrity, security, and accessibility of electronic signatures and electronic records and shall comply with the mandates of State and Federal agencies or programs, including Medicaid.
 - B. The issuance or acceptance of an electronic signature may be permitted in accordance with the provisions of this policy and all applicable State and Federal laws. If permitted, the electronic signatures shall have the full force and effect of a manual signature provided the electronic signature satisfies all of the following requirements:
 - 1. The electronic signature is unique to the individual and identifies the individual signing the document by his/her name and title.
 - 2. The identity of the individual signing with an electronic signature is capable of being verified and authenticated.
 - 3. The integrity of the electronic signature can be assured.
 - 4. The electronic signature and the document to which it is affixed cannot be altered once the electronic signature has been affixed.

II. Electronic Fund Transfers

- A. The Board authorizes the movement of District funds into, out of, and between any District account by electronic means, including Fedwire, automatic clearinghouse (ACH), or any other method as may be developed and put into practice by financial institutions for the purposes of transferring money between accounts or between financial institutions. Movement of District funds by electronic means shall comply with the provision of Chapter 668, Florida Statutes. Board funds shall be electronically transferred for the following purposes:

1. receipt of revenue from local, State, and Federal sources;
2. settlement on investment transactions (e.g. purchases, sales, or principal and interest distributions);
3. transfers between Board accounts as needed for legitimate funds management activities;
4. payment of obligations, based upon legal or contractual requirements incurred in the course of Board business, including payables; and
5. payroll and other payroll related direct deposit payments.

- B. The Chief Financial Officer, Finance Director or his/her backup, will execute the electronic transfer of funds through qualified financial institutions. All necessary documentation shall be maintained so the transactions can be properly recorded within the Board's financial system.

- C. Types of Electronic Funds Transfers

1. Fedwires

CHAPTER 7.00 - BUSINESS SERVICES

- a. Fedwires between Board accounts can be initiated and approved by the Chief Financial Officer or his/her designee.
- b. Templates of Fedwire instructions to non-Board accounts shall be established by a Finance Department employee using software provided by the Board's financial institutions and approved by the Chief Financial Officer. Wires to non-Board accounts require two-factor authentication to initiate the wire and a second approval to complete.

2. ACH Transactions

- a. Vendors may be paid via ACH Credit transactions when advantageous to the Board. An ACH Credit transaction is where money is sent from a Board account to the vendors' appropriate bank account.
- b. ACH Debit transactions are prohibited unless the counterparty to the transaction is another governmental entity or required by a Board approved contract. An ACH Debit transaction is where money is retrieved from a Board account by the counterparty's financial institution.
- c. Authorized vendors to be paid via ACH will be set up to receive such payments in the Board's financial system by finance department personnel, upon approval by the Chief Financial Officer. Such payments will be initiated by the accounts payable fiscal assistant in compliance with procedures established by the Finance department.
- d. Payment of employees' wages via direct deposit or paycard will be initiated by the payroll department in compliance with procedures established by the payroll department.
- e. ACH transactions require two-factor authentication to initiate the ACH transaction and a second approval to complete.

- 3. Other Electronic Funds Transfers. Transactions, through either an established method or any method that may be developed in the future, are permitted, so long as such transactions are structured so that Board funds may not be transferred to non-Board accounts at the sole discretion of the Chief Financial Officer or other Board

CHAPTER 7.00 - BUSINESS SERVICES

employee. Instructions to transfer funds electronically, to non-Board accounts, shall always be established under dual control, one District employee inputting the payment instructions and a second District employee approving the instructions. Said instructions can then be used by the Chief Financial Officer or his/her designee to execute an electronic transfer of funds.

D. The Board shall approve agreements with the Board's financial institution(s). Such agreements shall set forth internal controls required by State law and State Board Rule that will provide adequate integrity, security, confidentiality, and auditability of business transactions conducted by electronic commerce, including, but not limited to, the following:

1. The official title of the bank account(s) subject to the agreement and each type of transaction approved, such as deposits, disbursements or transfers, shall be specified;
2. the manual signatures of the Board Chairman, Superintendent, as the authorized check signers for Board issued checks;
3. a requirement that, when funds are properly delivered to the receiving institution, that institution agrees to become responsible for prompt and diligent processing of the funds;

III. Internal Controls and Delegation of Authority

A. The oversight of the EFTs resides with the Chief Financial Officer and the Director of Finance. A system of internal controls and operational procedures has been established to manage the funds transfer process and the reconciliation of bank accounts. Staff will utilize effective internal controls including the separation of duties when performing funds transfers and cash management functions. The internal controls are

CHAPTER 7.00 - BUSINESS SERVICES

designed to prevent losses of monies, which might arise from fraud, employee error, and misrepresentation by third parties, or imprudent actions by employees. Independent auditors, as part of the District's financial audits, will review the system of internal controls and compliance with the operational procedures and with this policy.

The District is committed to maintaining the privacy and security of student data and teacher and principal data and will follow all applicable laws and regulations for the handling and storage of this data in the District and when disclosing or releasing it to others, including, but not limited to, third-party contractors. The District adopts this policy to implement the requirements of state and federal privacy laws, including FERPA and its implementing regulations, the Children's Online Privacy Protection Act (COPPA), 15 U.S.C. §§6501-6506, 20 U.S.C. This procedure is required whether or not there is a written agreement governing student use, and whether or not the online educational service is free. This procedure is required even if the use of the online educational service is unique to specific classes or courses. Prior to entering into an online educational services agreement, the following review and approval procedure shall be followed.

1. Definitions:

- a. "Commercial or marketing purpose" means the sale of student data; or its use or disclosure for purposes of receiving remuneration, whether directly or indirectly; the use of student data for advertising purposes, or to develop, improve, or market products or services to students.

5. The District affords all protections under FERPA and the Individuals with Disabilities Education Act and their implementing regulations to parents or eligible students, where applicable.

6. Click-Wrap Agreements

Periodically, District staff may wish to use software, applications, or other technologies in which the user must "click" a button or box to agree to certain online terms of service prior to using the software, application, or other technology. These are known as "click-wrap agreements" and are considered legally binding "contracts or other written agreements".

- a. District staff are prohibited from using software, applications, or other technologies pursuant to a click-wrap agreement in which the third-party contractor receives student data or teacher or principal data from the District unless they have received prior approval from the Superintendent, or designee.

DISASTER PREPAREDNESS

8.05+

- I. The School Board recognizes that the use of its facilities and transportation services can be invaluable to this community in a crisis or emergency. Therefore, in the event of a local or State emergency and upon the request of the local emergency management agency, the District shall participate in emergency management efforts by providing facilities and personnel necessary to staff such facilities during a state or local emergency. The Board authorizes the Superintendent to establish a crisis management team whose members shall be trained in various emergency procedures.
 - A. Prior to June 1 of each year, the Superintendent shall develop, with local emergency management agencies, a list of schools to be used as emergency shelters.
 - B. Unless otherwise designated, the principals of the designated facilities shall be the “shelter manager” and shall be responsible for all aspects of the operation of the emergency shelter.
 - C. The Superintendent may authorize the use of custodians, food service personnel, electricians, maintenance employees, and other School Board employees to assist in the safe operation of the emergency shelter or disaster operation.
- II. Transportation assistance provided by the School Board shall be coordinated with the department of emergency management. The Superintendent may authorize the use of bus drivers and assistants as needed to provide emergency transportation services.
- III. In the event the superintendent officially closes a school, district office, or a combination of work centers to employees, the affected employees shall be paid for their regularly scheduled hours. Should the superintendent reschedule that workday for a later date on which the employee was not scheduled to work, the employee shall be deemed to have been compensated in advance, and will receive no additional compensation. The resulting rescheduling of days missed due to school closure will not have any financial impact on twelve (12) month employees.
- IV. The Board recognizes that exempt and nonexempt employees who serve on the crisis management team and who staff the congregate shelters during a declared emergency will be providing services that exceed their contractual obligations by working on days and at times when other District employees are not required to be on duty. Compensation will be as follows:

CHAPTER 8.00 - AUXILIARY SERVICES

- A. Hourly personnel asked to perform emergency-related duties will be paid according to current School Board pay schedules. Overtime will be paid consistent with the federal Fair Labor Standards Act. All hours worked must be pre-approved by their supervisor, shelter manager or Superintendent and/or designee where applicable.
- B. Non-bargaining administrative personnel required to work at the shelter, or otherwise required to work by the Superintendent at another duty station shall be compensated \$200 per day of operation of the shelter or other designated work site if a minimum of eight (8) hours is worked by that employee on that day, or a minimum of four (4) hours worked on the day the shelter ceases operations. Compensation provided by this paragraph is an unbudgeted expenditure and additional compensation.
- V. Following the use of District facilities as congregate shelters, the Superintendent shall calculate the amount spent during the period the facilities were used for congregate shelters that is above and beyond the usual and customary expenses to operate the facilities during that time period for the following:
 - A. Utilities (e.g., power, water, and telephone),
 - B. Generator usage (rental costs and/or fuel required),
 - C. Shelter safety and security,
 - D. Costs related to use of buses and other vehicles, excluding operator costs and,
 - E. Additional Employee cost.
- VI. The Superintendent is authorized to submit the itemized total expended by the District for extra compensation for exempt and nonexempt staff, as well as the additional amount expended for the operation of the District facilities used as congregate shelters, to the Federal Emergency Management Agency (FEMA) and/or appropriate agency for reimbursement. SAFE SCHOOL OFFICERS

8.06*

- I. The School District may enter into an agreement with local law enforcement to provide law enforcement and related services to the schools of Baker County, including charter schools. The Board will collaborate with charter schools governing boards located in the district to support access to all safe-school officer options available pursuant to Florida law.
- II. School Resource Officers (SRO) must be certified law enforcement officers as defined in F.S. 943.10(1) and employed by a law enforcement agency as defined in F.S. 943.10(4). The purpose of the SRO program is to promote and assist school administrators with school-based security and safety. In addition, a goal of the program shall be to promote a positive image and respect for the law and law enforcement among young people.
- III. A safe school officer must be present during the school day when the school is open for instruction. To determine the need for safe-school officers to be present outside of the regular day (i.e., before and after school, summer school, extracurricular activities or for school-sponsored events) the Board will consider the following factors: number of persons present, the ratio of staff members to students, and other safety measures available.
- IV. Student ON campus incidents:

Student discipline is the responsibility of the school administration. However, in instances where a crime may have been committed, or if there is a threat of injury to person or property, the SRO should be involved as the trained professional to handle such situations. If there is no safety threat, administration should take the lead in the school-based investigation with the assistance of the SRO.  - (h) The location of each bus stop will conform to the requirements of Florida Statutes.
- (2) Spur Routes. A spur route shall exist only when an extremely hazardous condition is present, requiring the bus to deviate from the main route.

CHAPTER 8.00 - AUXILIARY SERVICES

- (3) Change in Routes. School bus operators shall not discontinue stops, begin new stops, or otherwise change a route without prior approval of the district's Director of Transportation.
- (4) Other Provisions. - B. As required by the Children Internet Protection Act (CIPA), the School District educates staff and students regarding appropriate online behavior to ensure internet safety, including use of email and internet resources. An internet filter is maintained by the school district for school use on the device. Filtering not only restricts access to unacceptable sites, but also restricts access to inappropriate content such as those that are illegal, harmful, or contain potentially offensive information. Baker County Public Schools cannot guarantee that access to all inappropriate sites will be blocked. Log files are maintained on each device with a detailed history of all sites accessed. It is the responsibility of the user to appropriately use the device, network, and the internet.
- C. Each student, parent as defined by Florida Statutes, and employee of the District will be required to sign an agreement for network responsibility wherein they are acknowledging their obligation to comply with the terms and conditions outlined in this policy.
- D. Appropriate Use
 - 1. Students may only open, view, modify, and delete their computer files.
 - 2. Internet use at school must be directly related to school assignments and projects.
 - 3. Students will be assigned individual network accounts and email accounts and must use only those accounts and passwords that they have been granted permission by the district to use. All account activity should be for educational purposes only.
 - 4. Students must immediately report threatening messages or discomforting Internet files/sites to a teacher.
 - 5. Students must at all times use the district's electronic communications system, including email when necessary, wireless network access, and Web 2.0 tools/ resources to communicate only in ways that are kind and respectful. (Web 2.0 tools allow users to interact and collaborate in virtual communities, where users are active creators of content i.e. wikis, video sharing sites, cloud service).
 - 6. Students are responsible at all times for their use of the district's electronic communications system and must assume personal responsibility to behave ethically and responsibly, even when technology provides them the freedom to do otherwise.

The District is not able to prevent the possibility of user access to material that is not consistent with the education mission, goals, and policies of the School Board when access is obtained outside of the school.
- H. User Guidelines.
1. Internet access is coordinated through a complex association of government agencies and regional and state networks. It is the District's intent that the Internet and our communications network be used in a responsible, efficient, ethical, and legal manner. The operation of the Internet relies heavily on the proper conduct of the users who must adhere to strict guidelines. If a district user violates any of these provisions, their account will be restricted. Serious violations may result in school disciplinary action or legal action. The signature(s) on the acceptable use agreement indicate that the user(s) have read the terms and conditions carefully and understand their significance.
 2. Acceptable Use. The use of your account must be in support of education and research that is consistent with the educational goals and policies of the District. Users are encouraged to develop uses which meet their individual needs and that take advantage of the

CHAPTER 8.00 – AUXILIARY SERVICES

network's function; electronic mail, conferences, bulletin boards, data bases, and access to the Internet. Use of any other network or computing resources must be consistent with the rules appropriate to that network.

3. Privileges. The use of Internet is a privilege. Inappropriate use will result in the restriction of that privilege. Each individual who accepts an account will receive information pertaining to the proper use of the network. School and district administrators will decide what is "inappropriate use". Their decision is final. An account may be closed by the district at any time deemed necessary or by recommendation of the administration, faculty, or staff. The person in whose name an account is issued is responsible at all times for its proper use.
 4. "Netiquette". You are expected to abide by the generally accepted rules of network etiquette. Be polite. Do not use vulgar or obscene language. Do not reveal your address or phone number, or those of others. Please remember that electronic mail is not guaranteed to be private. Do not disrupt the network, the data, or other users.
- I. Warranties: The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damage you suffer including loss of data. The District will not be responsible for the accuracy or quality of information obtained through this Internet connection.
 - J. Security. Security is a high priority. If you identify a security problem, you must notify a system administrator immediately. Do not show or identify the problem to others. Do not use another individual's account. Attempts to log on as another user will result in cancellation of your privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access.
 - K. Vandalism. Vandalism will result in cancellation of your privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet or other networks. This includes the creation of or the unloading of computer viruses on to the Internet or host site. Deliberate attempts to degrade or disrupt system performance will be viewed as criminal activity under applicable state and federal law.
 - L. E-mail Etiquette. Helpful to your e-mail success are:
 1. Preparing text files for uploading before logging on;
 2. Making "subject" heading as descriptive as possible.

CHAPTER 8.00 – AUXILIARY SERVICES

3. Beginning messages with a salutation; restating the question or issue being addressed in a response;

 5. Ending messages with your name and your e-mail address to assist getting feedback or clarifications;
 6. Logging off before editing and printing downloaded files; and
 7. Deleting e-mail files as soon as possible as appropriate under public records law.
- M. Teachers are responsible for teaching proper techniques and standards for participation, guiding student access to appropriate sections of the network, and or assuring students understand that if they misuse the network they will lose their access privileges. Conference moderators are responsible for monitoring the context and tone of posted messages and or taking steps to delete offensive materials and to communicate with authors.
- N. Contracts. Parents and students are required to enter into an "Electronics Systems Responsible Use Agreement". Employees are required to enter into an Employee Electronics Systems Responsible Use Agreement". These forms shall be approved by the School Board.
- O. Exception of Terms and Conditions. All terms and conditions stated in this document are applicable to all users of the network. These terms and conditions reflect an agreement of the parties and shall be governed and interpreted in accordance with the laws of the United States of America, the state of Florida, and the School Board.
